Re: Withdrawal of Record of Decision and Report of Examination

A meeting of the Thurston County Water Conservancy Board was conducted in compliance with Chapter 42.30 RCW at 626 Columbia St. NW on December 20, 2004.

The board had previously issued a Record of Decision and Report of Examination on November 21, 2004 in the matter of Application for Change/Transfer No. THUR 04-03 filed by Todd Hansen. At the meeting mentioned above and by a majority vote, the board withdrew the referenced issued Record of Decision and Report of Examination for the following reason(s):

Additional information needed to be added to the Report of Examination relating to the calculation of Annual Consumptive Quantity (ACQ). Revised provisions needed to be added to incorporate the current metering requirements.

The withdrawal of the referenced Record of Decision and Report of Examination is effective as of the adjournment of the meeting of the board during which it was adopted. Upon Ecology concurrence to this withdrawal, the Ecology review period provided by RCW 90.80.080 is terminated without prejudice for the referenced application for change/transfer.

The applicant's representative did participate in the meeting and concurs with the withdrawal of the board's previous decision.

The board adopts the following plan for action on the application (*check one*):

- ☒ X The board intends to revise and resubmit for Ecology review the record of decision and report of examination for the subject application.
- ☐ The board will take no further action on the subject application and has informed the applicant that the application may be filed with Ecology for processing.

Information relevant to the board's withdrawal action and a record of the Board's vote in this matter are attached.
